

PEJMAN ROHANI MD

Pediatric Gastroenterologist, Hepatologist and Nutritionist
Tehran, Iran

**Telephone: +989123479334 / e-mail: rohanipejman@hotmail.com
rohanipejman@sbm.ac.ir rohanipejman@yahoo.com**

EDUCATION

1987/1991 Razi high school, Tehran, Iran

1992/1999 Bushehr medical university, Bushehr, Iran
General Physician (M.D)

2004/2007 Kashan medical university, Kashan, Iran
Pediatrics (Pediatric residency program)

POST GRADUATE TRAINING

2012/2014 Tehran university of medical sciences, Tehran. Iran
Pediatric gastroenterology, Hepatology and Nutrition residency program
Pediatric Gastroenterologist, Hepatologist and Nutritionist

CERTIFICATIONS

2007 Board certified of pediatrics

2014 Board certified of gastroenterology, hepatology and nutrition

POST DOCTORIAL Work

2000-2004 General Physician (GP)

2007-2012 General pediatricians, Golestan, Kalaleh, Rasul Akram hospital
 General pediatricians, Golestan Gonbad Qabus Khatam Anbia hospital
 2014-present Pediatric gastroenterologist, hepatologist and nutritionist Tehran, Mofid pediatrics hospital
 Assistant Professor
 Attending physician, Shahid Beheshti Medical University
 November 2016-present Vice Chancellor of Treatment Affair in Mofid Children Hospital

PRIVATE PRACTICE

2000-2006 As a general physician (GP)

2007-2012 As a General pediatrician

- Golestan, Kalaleh, Own private office
- Golestan Gonbad Qabus Own Private office

MEDICAL AND SCIENTIFIC SOCIETIES

2014-present Mofid Children Hospital at Shiahid Beheshti medical university
 2007-2012 Golestan, Kalaleh at Rasul Akram general hospital
 Golestan, Gonbad Qabus at Khatam Anbia general hospital

POST DOCTORIAL CONFERENCES

<u>Date</u>	Titles (congress, symposium)	Topic of lecture
<u>12 March 2015</u>	Emergency of pediatric gastroenterology	Acute Liver Failure
<u>1 October 2015</u>	Seminar of pediatric rheumatology	GI Manifestation of FMF
<u>19 November 2015</u>	Nutrition Therapy in pediatric disease	Nutrition therapy in growth failure
<u>7 January 2016</u>	Seminar of Family Physician	Approach to chronic abdominal pain in children
<u>8 January 2016</u>	Seminar of Family Physician	Approach to abdominal distention
<u>5 December 2015</u>	Congress of emergency and common disease in children	Management of fecal incontinency

<u>6 December 2015</u>	Congress of emergency and common disease in children	Indications of clinical nutritional therapy with enteral formula
<u>10 November 2015</u>	Pediatric gastroenterology and genetics symposium	Obesity and genetics
<u>3 February 2016</u>	Congress of nutrition and healthiness in children and adolescent	Nutrition management of critically ill child
<u>5 May 2016</u>	Congress of pediatric gastroenterology and hepatology	Nutrition therapy in PICU patients
<u>18 May 2016</u>	Immune reaction to food and food allergy and celiac disease	Management of children with celiac disease
<u>6 December 2016</u>	Congress of emergency and common disease in children	Diagnosis and management of Non retentive fecal incontinence
<u>8 December 2016</u>	17 th PENZA Congress	Parenteral nutrition therapy in PICU
<u>5 July 2017</u>	Neonatal Jaundice	Management of neonatal cholestasis
<u>5 July 2017</u>	Congress of pediatric gastroenterology and hepatology	Manifestations of cystic fibrosis in children
<u>27 January 2017</u>	Congress of nutrition and healthiness in children and adolescent	Enteral nutrition therapy in critically ill child
<u>18 May 2017</u>	Congress of pediatric respiratory tract disease	Pre and probiotics efficacy in respiratory tract disease in children
<u>26 May 2017</u>	8 th Congress of clinical pharmacology	Formula as clinical nutrition in children and adolescent
<u>29 August 2017</u>	18 th Congress of microbiology	Gut microbiota in IBD

Posters

1. Enumeration of regulatory T cells in esophageal tissue of patients with eosinophilic esophagitis in comparison to patients with gastroesophageal reflux disease and control group. ALLERGY 72, 320-321
2. Induction effect of B.fragilis derived outer membrane vesicle on toll like receptors gene expression
3. Cytokine concentrations in human intestinal epithelial cell. The first study of main gut microbiota abundance in Iranian obese and normal weight people.
4. EVALUATION of SATURATED and NSATURATED FATTY ACIDS EFFECT on OUTER MEMBRANE VESICLES PRODUCTION FROM *Bacteroides spp.*"

RESEARCH PROJECTS

1. Nutrition program for pediatric patients with cystic fibrosis (according to literature review)
2. Nutrition program for patients admitted in PICU (according to literature review)
3. Nutrition Program for pediatric cancer patients (according to literature review)
5. Pathologic investigation in pediatric patients with complicated Familial Mediterranean Fever
6. Liver disease in pediatric patients with cystic fibrosis
7. Ocular manifestations of pediatric patients with inflammatory bowel disease

8. Upper endoscopic and pathologic findings in patients with inflammatory bowel disease
9. Upper endoscopic and pathologic findings of pediatric celiac patients
10. Behavioral feeding disorder assessment in pediatric patients with cystic fibrosis
11. Nutrition program for pediatric patient with inflammatory bowel disease (according to literature review)
12. Effect of probiotics drop in reducing colic symptoms in Iranian infant in comparison to placebo.
13. Validity of IMPACT III in Iranian children more than 7 years old with inflammatory bowel disease
14. Prevalence of irritable bowel syndrome in children more than 7 years old diagnosed with inflammatory bowel disease.
15. Registry of children with esophageal atresia
16. Prevalence of behavioral problems in cystic fibrosis children between 1 and 6 years old

Submitted Publication:

1. Comparison of sedation with ketamine and general anesthesia undergoing colonoscopy in children
2. Prevalence of Eosinophilic esophagitis in Iranian children with refractory GERD symptoms..
3. Comparison of sedation with propofol-fentanyl and ketamin-midazolam undergoing colonoscopy in children

International Congress Attendance

1. ESPGHAN 48th Annual Meeting 6-9 May 2015
2. ESPGHAN 49th Annual Meeting 25-28 May 2016
3. ESPGHAN 50th Annual Meeting 10-13 May 2017
3. 6th NNI ME Symposium allied for optimal child nutrition 5-6 June 2015
4. Elite Ped GI congress May 28-29 2015
5. Elite Ped GI Congress - NASPGHAN April 26 – 28, 2017
6. 39th ESPEN CONGRESS 9-12 September 2017
7. 4th International Conference on Nutrition and Growth Amsterdam, the Netherlands March 2-4, 2017
8. Building Immunity Through Gut Symposium. Friday, February 9th 2018, Utrecht, The Netherlands
9. 4th International Congress of Probiotics, Prebiotics in Pediatrics. Bari, Italy 12-14 April 2018

Courses and Workshop Attendance

1. IBD Course on 10 May 2017 during the ESPGHAN 50th Annual Meeting.
2. Endoscopy Learning Zone (ELZ) during the ESPGHAN 50th Annual Meeting
3. Elite workshop “Hands on Endoscopy” & “Impedance, PH & GI Motility” Pre-Congress at the 5th Annual Elite Ped GI Congress 2017
4. PAEDIATRIC NUTRITION: BEYOND THE NUTRIENTS - SUMMER SCHOOL JUNE 25–30, 2017 BARI, ITALY
5. ESPGHAN Member
6. ESPEN Member (2016-2017)
7. LLL courses have been passed are
 1. Nutritional Support in Pediatric Patients
 2. Nutritional Support in Cancer

3. ICU Nutrition and Problem Solving
