Education

- **Assistant Professor of Pediatric Gastroenterology & Hepatic Diseases 2018 till now**
Shahid Beheshti University of Medical Sciences
- **Pediatric gastroenterohepatologist** **2016-2017**
Shahid Beheshti University of Medical Sciences,
- **Chief Fellow of Pediatric gastroenterohepatology** **2015-2016**
Shahid Beheshti University of Medical Sciences,
- **Fellow of Pediatric gastroenterohepatology** **2014-2016**
Shahid Beheshti University of Medical Sciences,
- **General Pediatric Resident** **2010-2013**
Shahid Beheshti University of Medical Sciences,
- **Medical Intern,** **2005-2007**

Shiraz University of Medical Sciences

- **Medical Student**

1999-2005

Shiraz University of Medical Sciences,

Work Experience

- Pediatric Gastroenterology fellow at Mofid Children's Hospital of Tehran Since September 2014
- Pediatrician at Emam-Hosseini General Hospital of Ahram, Tangestan, Boushehr, 2012-2014
- General Practitioner at Pediatric surgery research center, Namazee Hospital of Shiraz, 2009
- Medical Doctor at Pediatric surgery PICU and NICU, Namazee Hospital of Shiraz, 2007-2009
- Medical Intern at several academic hospitals of Shiraz affiliated to Shiraz University of Medical Sciences, 2005-2007.

RESIDENCY 1389-92

Pediatric Resident

ShohadaeTajrish Hospital, Tehran, Iran

380 beds, 20 Pediatric beds, 6 NICU beds, 10 Neonatal beds

Mofid Children Hospital, Tehran, Iran

255 Pediatric beds, 155000 outpatients and 13000 admissions annually

Presentations

1. I participated in the *2nd World Federation of Pediatric Surgeons in Argentina, Buenos Aires* and orally presented an article titled : "Peri-operative high-dose v post-operative low dose steroid therapy in the management of biliary atresia: A preliminary report", in the year 2008
2. I participated in *21th Congress of Pediatric Surgeons in Iran, Tehran* and orally presented an article titled : " Can procalcitonin reduce unnecessary voiding cystoureterography in children with first febrile urinary tract infection?", in the year 1392
3. I participated in the *11th pediatric emergency meeting Conference , martyr Beheshti University of Medical Sciences, Tehran , Children's Hospital ,* and presented a poster titled " ARC syndrome with a very rare presentation" , in the year 2015
4. I participated in the *5th Annual Iranian International Congress of Forensic Medicine* and presented a poster titled : " In vivo Study of N-acetylcysteine on Coagulation Tests in Acute Acetaminophen Poisoning" in the year 2016
5. I participated in the *12th pediatric emergency meeting Conference , martyr Beheshti University of Medical Sciences, Tehran , Children's Hospital ,* and orally presented an article titled "Validation the role of aspartate aminotransferase-to-platelet ratio index in predicting hepatic fibrosis in biliary atresia, in the year 2016
6. I participated in the *2nd Children and Adolescents Nutrition and Health Congress* and orally presented an article titled : " Assessment of prevalence of Malnutrition in children in Mofid Children's Hospital on 2015-2016" in the year 2017
7. I participated in the *13th pediatric emergency meeting Conference , martyr Beheshti University of Medical Sciences, Tehran , Children's Hospital ,* and orally presented an article titled "pathophysiology of peptic ulcer disease, in the year 2017
8. I participated in the *3rd Children and Adolescents Nutrition and Health Congress* and orally presented an article titled : " Nutritional management of cholestatic liver disorders" in the year 2018
9. I participated in the *13th Pediatric Gastroenterology and Hepatology Congress, martyr Tehran University of Medical Sciences, , Children's Medical Center,* and orally presented an article titled : " Creatinine Phosphokinase (CPK) Elevation in Coexistent of Wilson's Disease and Autoimmune Hepatitis with Atypical Presentation " in the year 2018
- 10.

Publications

1. I participate in writing a book entitled "*Enteral Feeding in Children*" by Nasri P. 1395 second edition, IranaResaneh , ISBN:978-600-7227-49-7
2. I have begun a project for authorizing a comprehensive collection named: "*Emergencies in Paediatric Gastroenterology and Hepatology*" since the year 2015.
3. I have outlined a schema to gather *pediatric cases of interest in Gastroenterology and Hepatology* Department of Mofid Children's Hospital during the years 2015 and 2016.
4. I have written a pamphlet regarding "*Common Pediatric Gastroenterology Diseases*" in the year 2016.

MEMBERSHIPS

1. "*Laparoscopy and Minimally Invasive Surgery Research Center*", Shiraz University of Medical Sciences, Shiraz, Iran (1387-1389)
2. "*Pediatric surgery Research Center*" Shiraz University of Medical Sciences, Shiraz, Iran (1387-1389)
3. *Member of Resident Committee & Participant in preparing pediatric radiology files for Iran radiology website www.iranradiology.com* (1390-till now)
4. Researcher in "*Pediatric Gastroenterology, Hepatology and nutritional Research Center*", Mofid Children's Medical center, ShahidBeheshti University of Medical Sciences, Tehran, Iran (1395)
5. Co-worker and participant in *fulfilling data for Autoimmune Hepatic Disorder Registry prepared by "Digestive Disease Research Institute"*, Doctor Shariati Hospital, Tehran University of Medical Sciences, Tehran , Iran (1395)

CERTIFICATES

1. I attended in "*Paper and Proposal Writing Skills*" workshop which was held by Eastern Mediterranean Health genomics and Biotechnology Network (EMGEN) in collaboration with Health Biotechnology Convention (HBC), Pasteur Institute of Iran, February 21 & 21, 2017
2. I attended in "*Endosonography (EUS) and Botox injection* " workshop which was held by Laparoscopy and Minimally Invasive Surgery Research Center", Shiraz University of Medical Sciences, Shiraz, Iran, 2016

Honors and Awards:

Awarded top fellow by the department chair

Examinations:

1. *National Assessment Collaboration for Basic Sciences* 1380
Passed with a score of 145/200
2. *Comprehensive Clinical Examination for Internship* 1383
Passed with a score of 155/200
3. *Iranian National examination for Residency Admission* 1388
Passed with a score of 415/600
4. *Iranian National Board of Pediatrics (Part 1)*1392
Passed with a score of 123/150 (percentile rank 95)
5. *Iranian National Board of Pediatrics (Part 2)*1392
Passed with a score of 149/150 (percentile rank 99)
6. *Iranian National examination for Gastroenterology fellowship Admission* 1392
Passed with percentile rank 99
7. *Iranian National Board of Pediatric Gastroenterohepatology and Nutrition (Part 1)* 1395
Passed with a score of 87/100 (percentile rank 95)
8. *Iranian National Board of Pediatric Gastroenterohepatology and Nutrition (Part 2)*1395
Passed with a score of 95/100 (percentile rank 99)

Research Projects:

1. *Nutritional assesment and intervention of cystic fibrosis pediatric patient referred to Mofid Children's Hospital on 2016*
2. *Assessment of prevalence of Malnutrition in children in Mofid Children's Hospital on 2015-2016*
3. *Assessment of Plasma Amino Acid Profiles in children with Inflammatory Bowel Disease*
4. *Prevalence of α -1-Antitrypsin deficiency in Children With Chronic Liver Disease reffered to Mofid Children Hospital on 2014-2015*
5. *Efficacy of Percutaneous Endoscopy Gastrostomy Tube Placemen in Infants and Children in Mofid Children Hospital*
6. *Efficacy and safety of enkefalinase inhibitor racecadotril in treatment of acute diarrhea in children*
7. *Evalution o f serum precalcitonin (PCT) Potency in Diagnosis of vesico-ureteral reflux (VUR) in children with the first pyelonephritis*
8. *Registry for Autoimmune hepatic disorders(Research Institute for Digestive Disease, Shariati Hospital, TUMS, Tehran, Iran)*
9. *Determination of the abnormal blood lead level in children with functional constipation referred to pediatric gastroenterology clinic in Mofid Children's Hospital and Loghman Hakim Hospital during 2018*
10. *Determination of abnormal blood lead level of children with abdominal pain referred to pediatric gastroenterology clinics of Mofid Children's Hospital and Loghman Hakim Hospital during 2018*
